# Mammoth run from Maurice

Riverside Runners member Maurice Hemmingway ran more than four marathons in a day last weekend.

The 61 year-old, from Offord D'Arcy, took part in the annual Sri Chinmoy 24-hour Endurance Race at the Tooting Bec track, in South London.

He achieved the distance of 107 miles and 111 yards in an event which ran from noon last Saturday to noon the following day - that's three miles further than four marathons.

Hemmingway is no stranger to major running feats after completing 58 marathons in the past 10 years after taking up the sport at 51.

His next long-distance race is the Lisbon Marathon in Portugal on October 2.
